Software

TP5 software features a native powerpoint integration, the ability to poll over any application, and self paced testing capabilities. It's perfect for Super Quiz or Arena testing practice. Triton software is a high stakes assessment tool that does not lose any responses even if the internet or power goes out. This is used at competition Arena testing.

ResponseCard NXT (clicker)

ResponseCard NXT features self-paced testing capabilities and text entry for short answers and essay questions.

Receivers

Compact RF receivers feature a 200 foot range and receives up to 1000 responses. Long range receivers also available.

Turning Technologies will provide the PowerPoint conversion for Super Quiz, roster upload and web-based polling.
