2022 Virtual Super Quiz™ Format and Guidelines

The virtual Super Quiz virtual will use the same format as the objective testing on the http://usadtest.com site. The proctor will give each student their Super Quiz Test Activation Key according to their GPA category.

All varsity students will have the same varsity Super Quiz test key, all scholastic students will have the same scholastic Super Quiz test key, and all honor students will have the same honor Super Quiz test key

Each Super Quiz test will have a total of 10 multiple-choice questions with five possible answer choices. The questions and subjects are randomized. Students will have 7 minutes to complete their Super Quiz test.

The proctor will activate the varsity Super Quiz test first and wait for the 7-minute timer to end the test. The proctor will activate the scholastic Super Quiz second and wait for the 7-minute timer to end the test. The proctor will activate the honor Super Quiz third and wait for the 7-minute timer to end the test.

Questions are worth one point each for a total of 10 points, per team, per round. The Super Quiz team awards will be presented at the awards ceremony on Saturday. The perfect score per series would be 10 points x 3 rounds = 30 points.

The Super Quiz is a standalone event and scores will NOT be added to individual or team scores.
