

## 2017-18 Pentathlon Curriculum Updates

In the *Mathematics Resource Guide*, starting on page 13, percentage: answer to question should be  $\frac{3}{13}$  (23.08%) since we are asked what is the percentage of large marbles in the bag. The question should state "marbles in the bag?"

Page 21, 30-60-90 triangles: side opposite the 60 angle is a times the square root of 3, this needs a variable "a" after the square root of three.
